My submission to deliberations regarding above subject matter:

With respect to All,

In short I object to granting a Rezoning Amendment to 2709 Petersen Rd.

The zoning as I see it at present represents what our neighborhood is now and what I want it to remain as. We have nice large lots with grass, gardens, trees and many birds, bees, squirrels and so on. Infill densification will not improve this. I for one don't want to see this area turn into a concrete/asphalt wasteland all house/driveway and no room for the green things.

Thank you for your attention,

Ron Shaw
