To Whom It May Concern;

This letter is in response to an inquiry we received from Cameron Thun regarding the potential of setting up a marijuana dispensary in the old First Litre Pub location. Due to the proximity of the location to the Child Development Centre, he approached us to inquire if we had any concerns with his potential application.

The Child Development Centre of Prince George and District is not in opposition to his application. Regardless of if this shop is set up, marijuana is being sold in this neighbourhood. Having the right person or group set up a legal dispensary should benefit the neighbourhood, as it will reduce illegal, unregulated sales.

Mr. Thun has been very responsive to the Child Development Centre's concerns in the past. Several years ago, we had the RCMP assess our building's safety. The officer suggested that we contact the First Litre Cold Beer Store to have them discontinue the selling of a particular product. I made the request and Mr. Thun pulled the product from his shelves immediately. Mr. Thun has also proven to be an excellent community partner. He has made many donations to charities in Prince George, including several to the Child Development Centre.

If you have any questions or concerns regarding the above, please do not hesitate to contact me at (250)563-7168 ext 207.

Sincerely,

Darrell Roze,  
Executive Director
