

S & S Doors & More

The Castle Renovation Centre (An established Local Company) is downsizing and Re Branding to—S & S Doors & More, Ideally locating at 1191 1st Ave down town Prince George. an excellent location for our loyal and new customers to find. There is ample parking for approximately 10 vehicles with easy access off 1st Ave and Dominion St.

Same great service and expertise on a smaller scale. Our main focus will be on Interior and Exterior Doors, Windows and Kitchen/Bath Cabinets, as well as complimentary hardware. Buying pre manufactured products and assembling them in-house. In order to achieve the assembly process, we will be running a compressor, a variety of power tools (Router, Drill, Planer, table saw etc). Our 1200 Sq Ft Retail showroom will feature Displays, samples, and most everything needed to install and complete your project.

The only immediate renovation required will be to install a bay door(where one was previously installed), facing Dominion St. to load and unload trucks via Forklift. No out-door storage is needed.

I truly feel we would be a positive addition to the downtown core..

Thank you for your consideration,

Everett Smeds
