

December 27, 2021

Dear Councillors Everitt, Frizzell, Krause, McConnachie, Ramsay, Sampson, Scott, Skakun

We would like to thank you for the very helpful measures Council has taken to make the Playhouse more affordable for our efforts to establish an endowment for the Hospice and Palliative Care Society. The pandemic is presenting unprecedented financial challenges and anomalies and your support has been pivotal.

We are also grateful for the time invested by both City of Prince George Staff and Council in considering the dilemma we faced and finding the appropriate administrative means to support our request.

We hope you will find it both pleasing and reassuring news that the community's response to our endeavour continues to be positive. Contributions for the Hospice Endowment have now reached an all-time high for donations in advance of any Miracle Theatre production.

Sincerely,

Anne Laughlin
Miracle Theatre
