**Subject:** 7215 and 7163 Kelly Road

Hello,

I would like to express my disappointment that the council is still considering the proposed change in zoning for 7125 and 7163 Kelly road. The greenspace that fills in behind all of our homes on Handlen and Gray is very important to us and we do not see this as a benefit to our neighborhood. During the last reading the motion was passed to move it forward despite numerous letters and a petition from many of the surrounding residents. I just would like council to please go and read all of the letters we have already submitted during the consultation process that L and M has already prepared and you will see that majority of us are not for this development in our backyards. We have all just lived through 3 years of constant construction and do not look forward to more development behind our homes impacting our lives and devaluing our current properties. Losing the greenspace would certainly take away from our neighbourhood and the enjoyment of our homes as it does not fit with the current make up of our neighbourhood and community.

I have attached the direct link to the opposition to this development  
<https://pub-princegeorge.escribemeetings.com/filestream.ashx?DocumentId=10891>

Please go and read our thoughts and feelings as to the opposition for this small greenspace that we would like to continue to enjoy

Thank You  
Brennan Adrian
