Re: Application for non-medical cannabis retail at 4141 Airport Road, Prince George

Dear City of Prince George,

My name is Tyler Keehn, I am the Station Manager for Executive Aviation at Prince George Airport. I wanted to extend my full support to your team in your attempt to open Co-Pilot in YXS Terminal. I'm sure the idea is facing backlash on your end as it was on ours. I truly believe this to be not only a great Business idea, but a great service to our customers & guests who fly out. People who enjoy recreational alcohol are not only allowed to consume a reasonable amount before flying out, they are also served alcohol in the departure lounge as well as on the aircraft itself. opening up Co-Pilot so we can accommodate our travellers who enjoy recreational Cannabis is a great step to a remove the unnecessary negative stigma it carries. I am a great supporter of the benefits CBD can give. My mother suffers from CRPS and is in constant pain, due to this illness she followed the appropriate channels to become a legal license grower in B.C. My wife also suffers from a permanent back injury and is now able to work and be an active mother to our son thanks to the benefits of CBD and Cannabis. This is also the case for my father who suffers from Crohn's disease. The benefits that can be provided to people far outweigh the negative it receives from people who don't have enough education and understanding on the matter.

Kind regards,
Tyler Keehn
