Dear Mindy:

Thank you for your recent presentation about the NEW Destination Park or as I now call it, a Park for Kids of All Ages. What a wonderful new addition to the community and in my view, just what we will need in the COVID Recovery Period.

While COVID has taken its toll on everyone, I feel the impacts on our children may not be fully known for some years. They will need all our support and encouragement to get back to active, healthy lifestyles and as much outdoor fun as possible.

The proposed Rotary Community Foundation Destination Park will provide another option for parents, guardians, and our teens to visit and enjoy a range of recreation activities. And it is needed in the community as some days it is difficult to find a space at either the play area at Lheidli T'enneh Memorial Park or at the Duchess Park Play Area.

I really like the plan to locate this new community asset near the Rotary Soccer fields, the PG Aquatic Center and Exhibition Park. I can say with enthusiasm that I fully support this proposed new Destination Park. Please let me know what else our nation can do to help make this a reality.

Sincerely,

Chief Dolleen Logan

Dear Mayor and Council,

**Re: Letter of Support for MegaPark in Prince George**

Tourism Prince George is in support of the development of the proposed MegaPark in Prince George. The addition of another signature attraction to our community will assist greatly in driving new and returning visitation to the city.

As a tourism destination, Prince George needs more experiences that are authentic and that celebrate the natural beauty of our community. The unique aspects of the proposed MegaPark will be an instant draw for tourists from around the region.

Tourism Prince George has provided enthusiastic support to this project and will work closely with the Rotary Clubs and the Prince George Community Foundation to ensure the realization of its development and promote it to locals and visitors alike. This park will provide a “can’t miss experience” in Prince George that will attract new visitation, expand revenues, and drive economic and social benefits for our city.

Sincerely,

Colin Carson  
Chief Executive Officer  
Tourism Prince George Society
