## Community Impact

- During the 2015 Canada Winter Games Artistic Swimming (previously known as synchronized swimming) was one of the most well attended events in PG.
- Community of Prince George wants to see Artistic Swimming
- While the economic spin-off will be minimal for Prince George with this small group the impact for our sport in the North would be immeasurable

PGWL Synchronized Swim Club Impact

- We are the most northern club in all of BC which makes hosting and educational opportunities difficult
- Our club mission is to include everyone, but our focus is getting females into sport and keeping them active
- Motivation for our athletes, and an unrivaled opportunity to learn from Canada's best
- Educational opportunity for the coaches
- Immense boost to club exposure
- Showcase our sport to Prince George and the surrounding area in a water show
- Provide an opportunity for Prince George to fall in love with our sport, as we have
