POLICY / REGULATORY ANALYSIS:

Official Community Plan

Future Land Use

The subject property is designated as Neighbourhood Centre Residential in Schedule B-6: Future Land Use of the Official Community Plan (OCP). This designation is intended to provide local shops, services and similar amenities with new housing in a mixed-use context. The Neighbourhood Centre Residential designation encourages infill, densification and redevelopment within existing residential areas that are vacant and underused sites (Policy 8.3.31).

The applicant is proposing to develop a two-unit house (duplex) on vacant and underutilized properties within an existing residential area. Administration supports this application, as the proposed two-unit house is consistent with the Neighbourhood Centre Residential designation and OCP Policy.

Growth Management

The subject property is designated as Growth Priority in Schedule B-4: Growth Management of the OCP. The intent of this designation is to prioritize infill development and encourage utilization of vacant sites (OCP Policy 8.1.1).

The applicant's proposal is consistent with the Growth Priority designation. The proposed two-unit housing is considered infill development that will be constructed on a vacant site. Administration supports this application, as it is consistent with the Future Land Use and Growth Management policy direction identified by the OCP.

Zoning Bylaw

The subject property is currently zoned RS4: Urban Residential which is intended to accommodate single detached housing on lots with lane access. The zone also provides for complementary residential related uses that are compatible with the residential character of the area.

The applicant has applied to rezone the subject property from RS4 to RT2: Two-Unit Residential, as shown on Appendix “A” to Bylaw No. 9236. The intent of the RT2 zone is to provide for housing, primarily in buildings with two dwellings. Table 1 below provides a comparison between the RS4 and RT2 zones.

Table 1: Zoning Comparison of RS4 and RT2

Regulations	RS4: Urban Residential	RT2: Two-Unit Residential
Principal Uses	<ul style="list-style-type: none">• Community Care Facility, Minor• Housing, Single Detached	<ul style="list-style-type: none">• Community Care Facility, Minor• Housing, Single Detached• Housing, Two-Unit
Secondary Uses	<ul style="list-style-type: none">• Home Business 1 & 2• Secondary Dwelling• Secondary Suite	<ul style="list-style-type: none">• Bed & Breakfast• Home Business 1 & 2• Secondary Suite, only in Single Detached Housing
Site Coverage	40%	45%
Max. Height	10.0 m	10.0 m
Min. Front Yard Setback	4.5 m	4.5 m
Min. Interior Side Yard Setback	1.2 m	1.2 m
Min. Rear Yard Setback	6.0 m	6.0 m

As identified in Table 1, the RS4 zone permits a single detached house, which may include either a secondary suite, or a detached secondary dwelling (totaling two dwellings). The proposed RT2 zone allows for either a single detached house with a secondary suite, or a two-unit house. The density in both zones would allow for a maximum of two dwellings on the subject properties. Additionally, both zones permit the same height and setback restrictions for any proposed principal development, single detached or two-unit housing.

Should the proposed rezoning be approved, the RT2 zone will allow for either a single detached house with a secondary suite, or a two-unit house (no secondary suites). The proposed two-unit housing is also consistent with the adjacent residential uses being a mix of two-unit dwellings and single-family residential developments to the north, south and west.

Administration is supportive of this application, as it is consistent with the policy direction provided in the OCP, and is consistent with the form and character of the surrounding neighbourhood. Administration does not anticipate any concerns as a result of the proposed RT2 zone.

OTHER CONSIDERATIONS:

Referrals

This application was referred to internal City divisions and external agencies for comments. The following comments were received during the referral process.

Title

A review of the legal titles of the subject properties indicated no encumbrances or restrictions that would affect this application.

Section 219 Covenant

The applicant has indicated that they will register a Section 219 Covenant on title of the subject property prior to Final Reading of Bylaw No. 9236. This covenant would ensure the construction of the proposed two-unit house is asymmetrical and looks like two distinct dwellings (i.e., varying roof lines and using multiple materials for the exterior finish). Additionally, the covenant will restrict secondary suites from two-unit housing.

Administration recommends that Final Reading of Bylaw No. 9236 be withheld until the Section 219 Covenant(s) that restrict symmetrical facades and secondary suites from two-unit housing is submitted to Administration's satisfaction and registered on the title of the subject property.

Ministry of Transportation and Infrastructure

As per Section 52 of the *Transportation Act*, Bylaw No. 9236 requires the Ministry of Transportation and Infrastructure's approval prior to Final Reading and adoption.

Statutory Notification and Public Consultation

In accordance with section 464(2) of the *Local Government Act*, a public hearing regarding this application will not be held as the proposed bylaw is consistent with the "City of Prince George Official Community Plan Bylaw No. 8383, 2011."

As per the requirements set out in the *Local Government Act* and "City of Prince George Development Procedures Bylaw No. 7635, 2005", in advance of First and Second Reading of the proposed bylaw, the City of Prince George will mail or otherwise deliver a notice to adjacent property owners and tenants whose interests in property may be affected by this application.

Members of the public wanting to provide comment on the application may submit written correspondence to Council. As per the requirements set out in the *Local Government Act* and "City of Prince George Development Procedures Bylaw No. 7635, 2005", the City of Prince George will mail or otherwise deliver a public notice to property owners and tenants whose interests may be affected by this application. Written submissions received in response to the public notice for this application will be provided to Council for their consideration at the time the application is being considered. Submissions received after the Council meeting agenda has been published will be provided to Council as a handout on the day of the Council meeting for consideration during deliberations on the application.

ALTERNATIVES:

1. Approve the bylaw;
2. Approve the bylaw as amended;
3. Refuse the bylaw; or
4. Defer or otherwise deal with the bylaw.

Administration recommends that Bylaw No. 9236, 2021 be approved.
