City Clerk

City of Prince George

1100 Patricia Boulevard

Prince George, B.C.

Subject Property : 6526 Monterey Road

My wife and I, strongly oppose the discharge of the land use contract allowing the property owner to build a secondary dwelling on a single family lot.

A change to the current By-law allows the property owner for various different applications for principal and secondary uses.

I have lived in Valley view for 40 years because of the lot sizes and the original covenants ,and certainly do not want to see any more changes.

Yours Truly,

Steve & Lynne Turkawski
