Subject: 2016 blackburn rd north

I am a neighbour of this lot and I strongly dispute the subdivision of this property.

Some of the reasons for my dispute are the loss of privacy I am going to face, the visual bulk of buildings, noise, overcrowding of our beautiful country-feel neighborhood, cost of property taxes. I don't feel like having 3 homes facing my property when I purchased my home due to the fact it was an open lot in front of my house. I will lose my view. It will be out of appearance with other properties in the area.

You can reply to this email for more information.
Thank you.
