c/o Walter Babicz, City Manager  
City of Prince George  
1100 Patricia Boulevard  
Prince George, B.C. V2L 3V9

Dear Mayor and Council:

**Re: NDIT Cultural Infrastructure Support Resolution**

Trinity United Church (TUC) with support from The Community Arts Council of Prince George & District will be applying for funding from the Northern Development Initiative Trust (NDIT) Cultural Infrastructure program, to undertake a series of facility and technology upgrades at the Trinity United Downtown Campus (Knox United) as part of the Knox Music Hall project, resulting in a 250-seat community concert and live events venue. The funding request to NDIT will be in the amount of \$145,838.00 and TUC has confirmed a matching contribution of the same amount.

The funder requires a resolution of support from the City of Prince George. A sample resolution is:

“THAT, the City of Prince George supports the application to Northern Development Initiative Trust from Trinity United Church, Prince George for up to \$145,838.00, for the Knox Music Hall project.”

We thank the City of Prince George for its support and acknowledgement of this very worthwhile and exciting initiative.

Yours truly,

Rev. Dr. Bob Miller

Lead Minister and Board of Trustees Chairperson
