

SUPPORT PETITION FOR RZ100711 & RC000019

To: The City of Prince George

In Support of: The proposed relocation of Forest Power Sports to 3221/3191 Highway 16

It is our understanding that there is a Rezoning Application (RZ100711) and Covenant Discharge Application (RC000019) in place for the above-referenced property to allow for the relocation of Forest Power Sports. We fully support this development as the property provides an ideal location for the relocation of this locally owned and operated dealership. We sincerely hope that City Council considers approving these applications so that the proposed expansion of Forest Power Sports can continue to service not only the City of Prince George but the entirety of Northern BC.

We the undersigned, support the powersports dealership development proposed by L&M Engineering for the properties located at 3221/3191 Highway 16.
