I am opposed to this project. There is a high school and elementary school which already causes traffic congestion. More traffic around the 2 schools will not be safe for the kids. We do not have sidewalks, proper lighting, and in the winter the streets get more narrow due to the snow.

The proposed area is not able to accommodate the amount of traffic that it will create. I live in the Hart because of less people and less traffic.

The building of the proposed project will cause construction noise in a large surrounding area including my neighbourhood for a few years.
