RE: City of Prince George Development Variance Application No. VP100635 Response to letter

Thank you for your letter dated December 5, 2022.

In response for Council Consideration, we intend the proposed use of the 40' x 80' detached shop at 8516 McGuire Rd. The shop will be used for storage such as our boat, cars, pick-up trucks etc. and with my calculations on the right size of building and keeping with a 41/2" pitch on the roof system, I will require an approval for extra height variance.

Should you have any questions, please do not hesitate to contact us directly.

Thank you,

Paul and Christina Neff
