**To:** [Holahan, Kali](#)  
**Subject:** RE: CN000008 / TU000053 - 1533 3rd Avenue - Summary Letter  
**Date:** Monday, October 07, 2019 1:22:30 PM

---

Dear Kali & The City of Prince George,

I would like to operate a retail cannabis store at 1533 3rd Ave. The hours of operation would be 9 am to 8 pm Sunday to Wednesday and 9 am to 9 pm Thursday to Saturday. I have a couple stores open now in other towns so I am fairly comfortable with providing safe and responsible cannabis retail. I also have owned and operated a pub, restaurant and a brewery for many years along with multiple other businesses. I have been a self-employed real estate developer and investor in many businesses for the last 23 years and hold security clearances with Health Canada, BC LCRB.

One last comment, with respect I do disagree with the RCMP statement about not having the stores in the downtown core. Your populous already smokes cannabis in all areas of your town, in the core and in outlying areas. The truth is people who have been using cannabis have been doing so for a long time. All that is changing is where the consumers are purchasing the product. Legalization is the proper move and this debate is over. Locating the stores in places outside of town is not going to change the behavior, and will only make things inconvenient for the consumers. It's not a right step for the environment to make the consumers travel out of the town core to purchase a legal product. Do you force Cold Beer and Wine stores to be outside of town? This should not be part of the debate if this location is a good one or not. Forcing cannabis to the "outskirts" of town is discriminatory to cannabis users. Cannabis users and customers would want a convenient location they can access easily near amenities where they already shop and travel daily. Not moved away from the amenities of daily life. This gives the perception of them doing something wrong and hiding this in the shadows outside of town. It's a legal product and we need to shake the discrimination of the past and move forward to the future. Hope you can appreciate these comments, as I do not feel pushing cannabis users to the outskirts of town is wrong, according to Stats Can 2<sup>nd</sup> quarter stats 18% of people in BC use Cannabis so that would be over 14,000 people in your community. <https://www150.statcan.gc.ca/n1/pub/11-627-m/11-627-m2019057-eng.htm>

Cannabis should be treated with the same respect as liquor. You can now get liquor at the barber shop. I think having a Cannabis shop in the downtown where the customers are shopping is the appropriate place to have them.

Sincerely,

Ian Laing
