Subject: Liquor store on queensway in old pizza hut building

Hi there, I am a resident of the Millar Addition and I am opposed to having a liquor store opening in our neighborhood. Over the last 2 years we have seen a tremendous spike in theft, vandalism and an abundance of unwanted walk through traffic from the downtown core. I am not alone when I say that I fear that this new liquor store will become the new hangout for many of the city's homeless population. The 711 on the corner of Queensway and 17th is a disgusting example of how this new liquor store could end up. Our neighbors are constantly finding needles and garbage in and around their properties, cars are being rifled through, garages, sheds and most recently one of our homes was burglarized. I feel that a liquor store will only promote more traffic from these less fortunate individuals in our neighborhood.

If the people of our neighborhood need to purchase alcoholic beverages Shooters on Victoria is a 2 minute drive. I vote we keep it that way.

I do not support the opening of this establishment.

Sincerely,
Chris Bennett.
