Subject: Queensway beer and wine store

I do not approve of a liquor store going forward in this area. We are having many
Break in now and homeless hanging around this area
I live in magnolia gardens. And we have them hanging around our condos constantly and sleeping in our
lobby's. A liquor store will just bring more into
This area for homeless to hang around.

We have a lot of elderly people here in Magnolia Gardens who are nervous now about walking in this area. A
liquor store is not going to help the safety in the area.
