POLICY / REGULATORY ANALYSIS:

Official Community Plan

Future Land Use

The existing Alder Hills Golf Course at 6011 Giscome Road is designated as Commercial Recreation in Schedule B-6: Future Land Use of the Official Community Plan (OCP). The Commercial Recreation designation is intended to accommodate large outdoor recreational uses that may include both public and private uses.

The existing rural residence at 6303 Giscome Road is designated as Rural B in Schedule B-6: Future Land Use of the OCP. The Rural B designation is intended to facilitate moderate intensity rural residential uses and function as a transition between rural resource lands and urban areas. OCP Policy encourages low-intensity recreational and parks uses within rural designations (Policy 8.3.112). These recreational uses may include seasonal camp and recreation sites, golf courses, and nature parks.

Administration supports this application, as the proposed rezoning and lot line adjustment is consistent with the Commercial Recreation and Rural B designations of the OCP.

Growth Management

The existing Alder Hills Golf Course at 6011 Giscome Road is designated as Rural Resource and Rural Areas in Schedule B-4: Growth Management of the OCP. The Rural Resource designation provides a transition between rural resource and urban areas intended for moderate intensity rural residential use. The existing rural residence at 6303 Giscome Road is designated as Rural Areas in Schedule B-4: Growth Management of the OCP. The Rural

Areas designation is intended to function as a transition between rural resource lands and urban areas, recognizing existing rural areas and activities (OCP Policy 8.1.17).

The proposed land use is consistent with the Growth Management objectives of the OCP. Administration supports this application, as the proposed rezoning and lot line adjustment is consistent with the Rural Resource and Rural Area Growth Management designations.

Zoning Bylaw

The Alder Hills Golf Course located at 6011 Giscome Road is currently zoned C9: Outdoor Recreation and the existing residence at 6303 Giscome Road is currently zoned AR1: Rural Residential. The C9: Outdoor Recreation zone is intended for outdoor recreation uses, such as a golf course. The AR1: Rural Residential is intended to foster agriculture and a rural lifestyle on properties of at least 4.0 ha, and provide for complementary residential uses that are compatible with the rural character of the area.

The applicant is proposing a lot line adjustment between the two subject properties in order to swap a 0.56 ha and 0.57 ha portion of the land. Therefore, the applicant has applied to rezone a 0.56 ha (1.38 acres) portion of 6011 Giscome Road from C9: Outdoor Recreation to AR1: Rural Residential; and a 0.57 ha (1.40 acres) portion of 6303 Giscome Road from AR1: Rural Residential to C9: Outdoor Recreation.

The proposed rezoning will facilitate a lot line adjustment by means of a subdivision application, as shown on Appendix "A" to Bylaw No. 9284, 2021. The proposed rezoning and subdivision meets the intent and subdivision regulations of the AR1 and C9 zones.

Administration does not anticipate any negative land use impacts to occur as a result of the proposed rezoning. As the application is consistent with the policy direction of the OCP and existing surrounding land uses, Administration supports this application.
