We wish to express our concern regarding the proposed rezoning of 1933 Queensway (former Pizza Hut) to accommodate a liquor store.

We hope that you will agree that this would be a poor fit for a neighbourhood that is beginning to revitalize. We are concerned about it's close

proximity to established residential in addition to supportive housing for our most vulnerable.

Our closest liquor store which is next door to the old Greyhound station is a 15 -20 minute walk away. Owners and clerks have expressed to

us over the years that they have had to incorporate safety measures for themselves and customers.

In our opinion, we most definitely need to put our efforts into providing safe neighbourhoods, compassionate care and supportive services

for ourselves and our most vulnerable.

Rick Manning
