Subject: Zoning Bylaw no 7850

Good afternoon,

As residents of Larch street in downtown Prince George we are opposed to a liquor store going in to the old Pizza hut at 1933 Queensway.

As long term residents of Larch we have seen the neighborhoods safety decrease with people wandering the streets intoxicated or on something. We feel that another liquor store in this area would further contribute to the decline of our neighborhood.

We'd like to suggest increases in senior services as this neighborhood is aging and could benefit from a little bit of support.

Thank you for reading this email.

Outi and Kurt Heinzelman
