Comments:

This area is too congested to build more multi residential units. Lack of road maintenance, and sidewalks would make it dangerous to increase traffic. I also believe losing the green belt around the area will directly lower my current house valule. I just purchased my home last year, and one of the largest selling points was not having homes behind mine. There is also a large population of wildlife that lives in that forrest, and clearing it more will cause these animals to be destroyed when they have no where else to go, and start to interact too much with the human population.
