**Re: Letter of Support – Regional District of Fraser Fort George – Recycling & Environmental Action Planning Society (REAPS)**

Dear Regional District of Fraser Fort George Environment and Parks Standing Committee,

Please accept this letter of support for the Recycling & Environmental Action Planning Society (REAPS) to continue to receive funding from the Regional District of Fraser Fort George.

The City of Prince George and our community have been fortunate to benefit from the enthusiasm and dedication offered by REAPS to spread the word on environmental issues through educational programming and promotional campaigns. REAPS is committed to strengthening recycling, waste reduction, and environmental awareness in our community. The environmental education and stewardship that REAPS continues to share, benefits our community today and for generations to come.

REAPS and the City of Prince George have developed a strong relationship, having worked together on various community projects and initiatives over the last number of years. The City of Prince George greatly values the work that REAPS does in our community and intends to continue to support REAPS for many years.

The City of Prince George is proud to provide its continued support to REAPS and we hope that their funding application will receive favourable consideration.

Sincerely,

Mayor Simon Yu  
City of Prince George
