1601 Ingledeu Street,
Prince George, B.C. V2L 1K6
May 3rd, 2023

Mayor Simon Yu and Prince George City Council Members,

We are writing to express our strong support for the proposed "Amendment Bylaw No. 9358, 2023". For the past thirty-one years, we have lived in our townhouse at 1601 Ingledeu Street which is directly behind the properties in question. We are well aware of the issues that have existed and continue to exist in this part of the Miller Addition. That being said, the entire City of Prince George is conscious of the crying need of supportive housing.

When the construction of The Friendship Lodge (supportive housing) at 1656 Queenway was proposed a number of individuals in the neighbourhood opposed the project. From our perspective since the Friendship Lodge opened in the Fall of 2008, it has been well managed and there have not been significant disturbances. Many of the residents of the Friendship Lodge participate in the upkeep of the property which is always well maintained. They also seem to enjoy the courtyard. We are aware of and grateful for the consistent surveillance of The R.C.M.P. in our neighbourhood.

Since everything in life involves some risk it is our sincere hope that we as concerned citizens will take this risk for the sake of the well-being of our most vulnerable sisters and brothers.

Sincerely,
