Comments:

I believe this property should not be divided, dividing this beautiful property would look congested and take away the look of our road, it would also create more traffic on the crest of the hill road, we have enough problems getting up the road in the winter, without adding to it. If dividing this property means another renter, this also brings more problems to our neighbourhood, they don't look after the property, or keep their garbage cleaned up which brings critters in, ie bears, we have enough problems with them. Also the wrong tenant brings theft and damages we don't have that problem so far, also this causes depreciation of our properties. The majority of the houses on our road are family member owned. We all watch out for each other. If you decide to divide the property I suggest a single family dwelling only. Thank you for your time
