Presentation Topic *

REAPS seeks support from the City either monetary or in-kind contribution following the City's request to vacate property adjacent to LTMP with the return of the said property to Iheidli t'enneh. A request in a June 2022 letter to City Planning Dept and again in Letter to City Manager August 2022 (cc'd council) where we once again asked for City's support either in-kind contribution or monetary. REAPS emphasizes that this request would merely replicate the infrastructure which has been in place at our Gorse Street location, and which was built up incrementally over almost three decades using volunteer and donated labour, and funding from public and private sources. As we continue to write funding proposals to fulfil the building of the Growing Knowledge Community Compost Gardens we ask the city for a letter of support for various grant applications. Our Compost Demo Garden was a medium in which we delivery various outreach programs (food security, composting, recycling, water conservation, school and more) that provide a valuable resource not only to the residence of Prince George but to all residents within the RDFFG. The RDFFG continues to provide operational monetary support. The City had provided since 1994 the capital support (land, water, hydro). Further support has come from funders and volunteers in delivering our programs.
