Canadian Heritage Program

RE: Support for Le Cercle des Canadiens Français de Prince George grant application to the Canadian Heritage Program

To Whom It May Concern:

On behalf of Prince George City Council, I am writing to express support for Le Cercle des Canadiens Français de Prince George grant application to the Canadian Heritage Program for their annual Winter Festival.

The City of Prince George is a proud contributor of the FRANCOFUN Winter Festival. The City of Prince George has also been a long-time supporter of Le Cercle des Canadiens Français through the provision of a municipal tax exemption for their property and various event grants for their activities.

Through their education and cultural program and services, the organization contributes to our community's quality life. Our partnership with them is very important and helps make Prince George a wonderful city to live in.

The City of Prince George is proud to continue to offer its support to Le Cercle des Canadiens Français de Prince George and wishes them success with all future projects.

Sincerely,

Mayor Simon Yu
City of Prince George
