## Comments:

I am oppose to this variance. While I understand some residents will not require parking spots. The developer fails to address the fact that friends and family will, additional some seniors will require other services such as haircuts and other personal care. The professionals providing this care will also require parking. This location is completely inappropriate in the first place. Who thought it is a good idea to have our seniors crossing four lanes of traffic on a busy road to leave the property. There isn't enough room to have a decent grassed area to walk around in the back with the steep hill behind. Foothills is a busy road, there should have been more thought into the approval for this use in the first place. Approving a variance now will just make a bad situation worse. I hope council will really think this one over and deny the request. Thank you.
