With the rezoning application, they are planning to build more apartments or condos and remove the trailer park where hundreds of people currently live, myself included.

This rezoning should not be approved, they should use vacant land space instead of removing the residential trailer park. This trailer park has been around for over 30 years, some people have lived here that long and now to force them out because the person applying to rezone the trailer park wants to build an apartment building... NO.

I cannot afford to move, i cannot afford to buy a new piece of property elsewhere and pay for my trailer to be moved. If this proposal goes through...where does the city expect all these trailers to go? In the trash? That's

how much our hard earned investments will go, because our homes will be worthless if we are forced to move. A lot of the people in the trailer park are also elderly... what are they supposed to do? How are they supposed to afford to move, let alone pay to move their home plus buy a new piece of land?? NO.

This is unnecessary stress and totally unfair for myself and my neighbours in an already stressful world.

As a prince George resident who has lived here all my life, pays taxes, works hard, I want this proposal rejected, I do not accept the rezoning application.

Thank you.
