

His Worship the Mayor and Members of City Council

July 28, 2023

City of Prince George, BC.

Re Variance request VP 100649

We are requesting a Variance to the rear setback from a proposed addition to our home from 6M to 4.5M.

This would enable us to build an attached garage for heated storage for our RV and Boat. The length of the proposed garage is the minimum required to have the items fit the space, and we are not exceeding the 30% lot coverage.

This spring a set fire at the back of our warehouse that housed these items in the Carter Industrial area was the determining factor that these items need to be relocated home. Thank goodness we only lost some siding, it could have easily been so much worse, but it shook us.

Thank you for your time.

Thank you  
Ron & Wendy Reimer
