Please accept this letter as my written support for the above noted project. It is my understanding the applicant is seeking to permit a non-medical cannabis retail store at their property on Hart Highway.

I believe the proposed site is good location for a retail store and will create a shopping convenience for those visiting the property.

Additionally, the owner has experience working within the controlled substance, hospitality industry and would be the best candidate to obtain a non-medical cannabis retail license at this site as they understand how to manage and control guests and ensure no minors gain access to these items.

**Re: Application for non-medical cannabis retail at 2270 John Hart Highway, Prince George**  
**Application Number: CN 00022 and Rezone RZ 100790**

---

Please accept this letter as my written support for the above noted project. It is my understanding the applicant is seeking to permit a non-medical cannabis retail store at their property on Hart Highway.

I believe the proposed site is good location for a retail store and will create a shopping convenience for those visiting the property.

Additionally, the owner has experience working within the controlled substance, hospitality industry and would be the best candidate to obtain a non-medical cannabis retail license at this site as they understand how to manage and control guests and ensure no minors gain access to these items.

I support this application.

Kind regards,

*Cora Ewson*
