To: The Mayor and Members of City Council of the City of Prince George

Re: Proposed expansion of the Caledonia Nordic Ski Club facility land use.

I am a member of the Caledonia Nordic Ski Club at Otway in Prince George. I fully support the proposed expansion of this facility onto adjacent, vacant Crown Land. It is my understanding that a portion of the land currently used by the Club is privately owned and will eventually be needed for its gravel resources which will result in loss of available recreational use.

This facility is precious to Prince George. It is a major attraction that brings countless benefits to our city by hosting regional, provincial, and international events resulting in large financial gains to our community. It is a major draw to attracting sorely needed professional and technical people to join us here.

I request that City Council support the application being presented by Mr. Jim Burbee regarding this matter.

Yours truly
