To whom this may concern,

I am Skattar Sandhu an owner of a trucking company that works and operates out of 1971 Robertson Rd, which is a direct neighbor to 1975 Robertson Rd Kenroc Building Materials Co, Ltd. I understand that there may be concern about the location of their sea can Quonset inside of their property, but I can assure you that it does not affect nor impede my business in any way, and I have no issue with it. Feel free to contact me at any time if you have any questions for me. My cell is

██████████ Thank you.

Sincerely,

Prince George, BC

Subject: Support for the Sea Can Placement

Dear Mr. Green,

I hope this letter finds you well. My name is Reg Shanks, and I serve as the Vice President of Lumisave Industrial, located directly across the road from Kenroc Building Materials Co Ltd at 2098 Robertson Rd, Prince George, BC.

The purpose of this letter is to formally inform the City of Prince George that Lumisave Industrial fully supports the current placement of the sea can at the front of your property, in close proximity to your compound fence on the Robertson Rd side. We are pleased to confirm that the sea can's location is acceptable to us, and we have no objections to its presence in that position.

As we understand, the City had requested Kenroc Building Materials Co Ltd to relocate the sea can. However, we wish to express our consent for it to remain in its current location. It is our understanding that if adjacent property owners provide written confirmation of their approval, the City may consider allowing the sea can to stay in its present position.

Lumisave Industrial and Kenroc Building Materials Co Ltd have been neighbors for some time now, and we value the positive relationship between our companies. We believe that maintaining the sea can at its current placement does not pose any issues for either party and is not detrimental to the community or the neighborhood.

In conclusion, we kindly request that you forward this letter to the City of Prince George as a formal statement of Lumisave Industrial's support for the sea can's current location on your property. If there is any additional information required from us to facilitate this matter, please contact me directly.

Best regard:
