Good day, my name is Mark Zanolini, and I am one of the owners of 3 Goblins Games. We are a game and comic book retail store located at #200 - 356 George Street. I am writing to say that if it wasn't for Epik products and their presence on George street, I don't know that we would have opened our business in this space.

They are both a community asset in terms of large scale block party style events trying to bring the area together, and a bright, well lit business showcasing the potential of spaces downtown. In the 6 months+ that we have been here, we have had no negative interactions with any customers of Epik's as they make sure to maintain a professional and caring environment for all. The level of detail they put into their business and their connection to the area is without reproach in my opinion.

We at 3 Goblins Games heartily support the renewal of this permit as the benefits of Epik Products being in the area are many in our opinion, both today and in the future as downtown continues to return to a shopping destination.

Please do not hesitate to reach out with any questions or concerns

Mark Zanolini
