Hello!

Please find attached 2 letters that I would like to be included in tonight's package for Temporary Use Application No. TU000087 - Epik Products Inc.

Thank you, Dawn

Epik Products Inc.

356 George Street, Prince George, BC

To whom it may concern;

Since opening their doors in 2021, Epik Products Inc has been a wonderful addition to the downtown core of Prince George. I've had the pleasure of getting to know Larissa Dawn Label and her staff, all of whom are very friendly and excel in their line of work.

They have done an excellent job at keeping their location clean in an area of the city where unfortunately garbage comes aplenty, from the front sidewalk all the way to the back of house is nothing short of pristine.

Epik also does an excellent job at supporting smaller businesses. Twice now, on the anniversary of their opening date, they have held a market that allowed local makers to have a table free of charge to sell their wares in the shared lot between them and Ritual Coffeeworks. I attended both events and it was so great to see a different variety of makers present outside of the normal Farmer's Markets.

If more businesses operated like Epik does, life would return to our downtown core and it would be something everyone could be proud of.

Kindest Regards,

Redacted

Chey Bulley Location Manager We are customers and supporters of Epik Products. We support their application to renew their temporary use permit and ask the City of Prince George to allow Epik Products to continue operations in their 356 George Street location.
