I am writing to express my concern regarding the propose youth facility on 4321 Grouse Rd.

There is many consideration to take in such as water supply. With the drough happening our water will be affected.

The increased traffic this will bring. The noise level and people coming and going at all hours. Our road can't put up with the stress of the extra traffic.

There is no sidewalks in our area. In winter the roads are icy and usually Grouse road is not a priority road, so doesn't alway get done right away. Hard to acess for workers and emergency personnel.

There is also lots of wildlife in our area.

Consideration should be made to look at different locations that would be more suitable for a youth treatment centre. There is Bowron House that is situated next to the soon to be closed youth detention centre as is more suitable.

We live out here because it is quiet, safe, and a great place to live and raise our family.

Thanks.

Loren
