Comments

I fully support this temporary use permit. This small building is all alone with limited parking and no yard space. This building was a sporting goods store for many years and is surrounded by gyms, retail stores, vet clinics and home improvement stores so the fit in this area totally works. I've heard that the potential Tenant is a local family that is trying to expand their business which is always a great thing in this city. The temporary permit grants them the ability to increase their business for the next 3-6 years and then find a different and more permanent (and expensive) location in the future. Their intended use is greatly needed in this city, please approve this permit and help this business and the people of Prince George have access to it.
