

# About Us

Oasis Settlement Services is a multi-service initiative to help newcomers to Canada settle well into the community of Prince George, BC.

Oasis came to be through a collaborative process among Westwood Church members who had a heart to serve newcomers to Canada.

Rose Tohme, Oasis' first Ministry Team Lead, played a significant part in the creation of this initiative. Rose, a Syrian who herself came to Canada with her family after being sponsored by Westwood Church, began to gain a heart for newcomers to Canada. Shortly after settling in Prince George, Rose and her family began to serve newcomers to Prince George by teaming up with others with a similar heart to help them settle well in the community.

Oasis exists to love our neighbours.

Are you weary, carrying a heavy burden? Then come to me. I will refresh your life, for I am your oasis.

## Our Mission

We are a community of people on mission to love our new neighbours. We exist to help newcomers to Prince George settle into the community and tangibly be the hands and feet of Jesus to them.

Like the Sunflower follows the sun and gains it's strength, so shall we look to The Son.
