RECOMMENDATION:

As Council desires to be transparent and accountable for our bylaws, we need to ensure they are effective and accomplishing the desired effect, and whereas the Nuisance Abatement and Cost Recovery Bylaw #8940 has been in effect since 2018, Council requests a report outlining the effectiveness and utility of the bylaw:

1. Council requests staff return with a report detailing the current policy and procedures for this bylaw.
2. Council requests a report on the effectiveness of the use of the bylaw as an educational tool.
3. Council requests a report on the number of instances this bylaw has been used to recover costs, including the total amount collected.

DISCUSSION:

Please see the original Bylaw for reference.
