### Re: Letter of Support for the Carrier Sekani Family Services

To Whom It May Concern:

On behalf of the City of Prince George, I am pleased to write a letter of support for the Carrier Sekani Family Services and their collaborative project with Lu'ma Development Management to develop a youth housing complex at 611 Brunswick Street, Prince George, BC.

This project aims to create approximately 50 units of supportive housing specifically designed for Indigenous youth, providing them with a stable and supportive environment. The development plan includes residential units, significant amenities, and office spaces to provide holistic services to residents.

The City of Prince George recognizes the urgent need for such developments that cater to the vulnerable segments of our community, especially the Indigenous youth who are at a higher risk of homelessness and other social challenges. This initiative aligns with our city's goals of fostering inclusive community growth and supporting the well-being of all our residents.

The project's approach to integrating living, learning, and support services under one roof is commendable. It reflects a deep understanding of the holistic needs of the youth it aims to serve. I am confident that this project will significantly impact the lives of many young people, providing them with the resources and opportunities they need to thrive.

The City of Prince George is proud to provide its support to the Carrier Sekani Family Services and we hope this project is successful.

Sincerely,

Mayor Simon Yu  
City of Prince George
