BACKGROUND:

At the regular meeting held May 6, 2024, Council gave first three readings to Prince George Aquatic Centre Mechanical and Building Envelope Update Phases 1a, 1b, 2, 3 and 4 Loan Authorization Bylaw No. 9468, 2024” and approved an alternative approval process to be undertaken for the purpose of seeking approval of the electors. The deadline of 5:00 p.m. on August 9, 2024 was specified for electors to submit an elector response form in opposition to the Bylaw. Appendix “C” contains the initial report to Council and provides details on the project.

In accordance with the *Community Charter* and “City of Prince George Public Notice Bylaw No. 9329, 2022”, the City posted public notices of the alternative approval process in the City’s Public Notice Posting Place, Public Notice Page on the City’s website, and the City’s Facebook page. In addition, notices were published in the Prince George Citizen on July 11 and July 18, 2024.

The *Community Charter* requires that after the deadline for an alternative approval process has passed, the Corporate Officer must determine and certify, based on the Elector Response Forms received before the deadline, whether elector approval has been obtained. Approval of the electors

for a Bylaw is obtained if the number of valid Elector Response Forms received by the deadline is less than 10% of the number of electors (10% of 55,126). In other words, approval of the Electors for the Bylaw would be obtained if the number of Elector Response Forms received by the deadline is less than 5,512.

The Corporate Officer's Certificate of Insufficiency attached as Appendix "A" constitutes the Corporate Officer's certification that elector approval has been obtained for the Prince George Aquatic Centre Mechanical and Building Envelope Update Phases 1a, 1b, 2, 3 and 4 Loan Authorization Bylaw No. 9468, 2024." For Council's information, Appendix "B" is a detailed summary of the results of the alternative approval process that sets out that a total of 398 elector response forms were received for Bylaw No. 9468.

SUMMARY AND CONCLUSION:

As indicated by the attached Certificate of Insufficiency, approval of the electors under the *Community Charter* has been obtained for "Prince George Aquatic Centre Mechanical and Building Envelope Update Phases 1a, 1b, 2, 3 and 4 Loan Authorization Bylaw No. 9468, 2024." Accordingly, Council may consider final reading and adoption of the Bylaw.
