For which application would you like to provide comments? (One form per application)

RZ100791 - Bylaw 9515 - (7277 Bear Road) - Meeting Date: December 2, 2024

Comments

I am writing to provide my opinion on the development of the forested area along bear rd. This community that I have chosen to buy a home in, is quiet and feels like we are outside of town which is why I bought a house here. I love the hidden away feeling of this neighbourhood which is why I oppose to the clearing of these forests. These forests block the sound of the highway and keep our neighbourhood quiet. Additionally, our sewage infrastructure cannot withstand anymore housing developments as most of this neighbourhood experiences sewage backups and overflows already. Lastly, the appeal to living on the outskirts of town is because it is quiet and forested. There are plenty of brownfields and developed areas in the bowl and downtown that can be developed. Please leave our forests alone. This forest in particular is known to house black bears, moose and other wildlife.
