Presentation Topic

We will be proposing the Prince George Youth City Council which will be run by the City of Prince George in partnership with The Young Politicians of Canada:

The City of Prince George Youth Council stands as a beacon of youth empowerment and civic participation within our community. The Council provides youth with a voice, a seat at the table, and an opportunity to shape the future of Prince George. By engaging in research, policy development, community events, and collaboration with key stakeholders, the Youth Council advocates for the issues of Prince George, raises awareness, and drives positive change. Through mentorship, leadership development, and education on governance processes, the Council nurtures the next generation of leaders and fosters meaningful dialogue between youth and decision makers. In essence, the City of Prince George Youth Council sustains and fosters a sense of community and civic responsibility through ongoing engagement of youth to be future leaders and avoid a gap in future civic leadership due to potential non-engagement or non-interest of existing youth. This spirit of empowerment, collaboration, and active citizenship paves the way for a more inclusive and vibrant community where the voices of youth are heard and valued.
