To Whom It May Concern,

I am writing this letter in support of S&S Doors and More in their efforts to remain in their current location at 1191- 1st Ave. As a valued business within our downtown core S&S brings in customers and contributes to the local economy.

We have utilized their services and I can verify the professionalism and quality that this company delivers. We will continue to utilize their services in the future. They have been proven to be good neighbours and hopefully we can encourage other businesses to thrive in downtown Prince George.

Thank you for your attention in this matter,
