These comments also include 6100 ogrady. Traffic thru this area is already bad including Southridge, ogrady and especially st lawrance. You continue to allow all this development and no improvements with new roads to get in and out of upper college heights. The schools are over capacity already but my main concern is traffic congestion. Ogrady and domano intersection is a challenge. St lawrence and domano is busy. The worst of all is st lawrence and Southridge. You need to do something about this particular intersection. It is bad. There are near accidents on a regular basis. Also our green spaces are dissapearing at an alarming rate. On of the reasons our family moved here 24 yrs ago was the beautiful green spaces and layed back easy going lifestyle. College heights will be forever changed with hundreds of rental buildings and the increased traffic. I am so against these projects
