I am opposed to the rezoning of the college heights mobile home park and any other parts around it. I fear that this rezoning will affect the value and security of our Mobil homes as when the apartments went up on stringer Ave so did the crime rate especially for the poor employees of the mall who have to park behind it. Also I would like to add that by putting in any new development around the Mobile home park will take away homes of the animals that have been living in the wooded area for generations, this is a concerning effect as I believe they will be forced out and will become nuisance to the homes around us and will be eventually executed by the CO'S or by vehicle traffic and there is no reason why this should happen, these big developers don't care about anyone around them only money that lines there pockets
