Comments

In rgards to building new condos /apartments in o'grady rd.

There is not enough roads for the amount of people and public transit. We cannot get out of the save on parking lot to turn down o'grady rd, right now as it is. There needs to be an additional road either at the back of shoppers drug mart, or save on. This road could lead out to the light that goes into home depot parking lot. If we close off the exit from the save on parking lot onto o'grady, by making it an ENTER only entrance, that may help eliminate some traffic issues. Also if you took away some of the parking lot of the gas station (where you can turn into for kfc/diary queen) on o'grady rd that would allow for wider lanes and which makes it easier for larger left turn lane at the lights, then it would no longer bottleneck that road.

Another issue is we do not have enough schools, and daycares available for the population you are building for. This is a huge issue and needs to be corrected. Hire more teachers, open up the closed down schools.
