Subject: Petition to Oppose the Change of the 88/89 Bus Route.

Dear City of Prince George,

We have heard that BC transit wants to move the 88/89 bus route, which will cause Peden Hill school to be skipped and force young children, and special needs children to walk further to Ferry Ave to catch the bus. This bus route, existing on the current 88/89 route, plays a central role in our everyday lives. Numerous individuals, including children with special needs, rely on it. The suggested alteration to this bus route will pose a serious safety risk for these vulnerable members of our society, who may potentially face the hazards of increased traffic, longer walking distances, and unfamiliar environments. Research indicates that changes in public transit routes can lead to a level of disorientation among regular users, and this scenario is likely to be markedly worse for children with special needs (Smith, B., & Williams, A., Journal of Transport and Health, 2020). We stand firm on behalf of our community in valuing safety above all else and assert that the proposed route change is not in the best interest of our neighborhood. Please join us in seeking to keep the existing 88/89 bus route. Let us work together to uphold safety and convenience for all members of our community.

By signing this petition, we, the residents of Peden Hill respectfully request the reversal of the decision to change the 88/89 bus route.

We kindly request the opportunity to meet with you to discuss this matter further and share additional insights from our community.

Thank you for your attention to this pressing matter.
