Subject: Comments on the 2025 budget

Does the City ever consider trying to get by using the money they already collect in taxes ? Raising User Fee 's ? Getting back to basics and looking after what we already have and need 's fixing instead of building or adding more to the TAX Rate ? As a 84 year old pensioner I can tell you I and most other residents of P . G . Don't make anywhere near what City Council Has Raised our Taxes in the Last Four. years . Maybe it's time to look at cutting back on some services . I have lived here for 45 years and NO P.G is Not going to Grow like numerous Councils have predicted , so let's Live with in Our Means !

I have been a Property Tax Payer in Prince George since 1980

Thank You : Doug Walder
