Heritage Resource Information

Name of the nominated heritage resource	
<u>Civic Address:</u>	
<u>Parcel ID:</u>	
<u>Legal Description:</u>	
Type of heritage resource:	<input type="checkbox"/> Single Building <input type="checkbox"/> Other type of Structure (ex. industrial element, monument, bridge) <input type="checkbox"/> Place of community activity, shared meaning and interaction (ex. arts centre, sports space, urban open space)

Commented [MP1]: Place of community activity, Group or area or heritage buildings and Heritage view appear to overlap in the examples. I would recommend looking into the terms and definitions used by Heritage BC.

	<input type="checkbox"/> Group or area of heritage buildings/structures (ex. streetscape, commercial precinct, civic centre area) <input type="checkbox"/> Cultural Landscape combining natural and built resources (ex. cemetery, river corridor, farmstead) <input type="checkbox"/> Heritage View (view of the historic river confluence, of the city centre and its development, of other heritage resources) <input type="checkbox"/> Place with special meaning for Lheidli T'enneh (location of traditional camp, sacred place, commemorative site of shared memory) <input type="checkbox"/> Other historical resource

<u>Why is this resource of heritage value to the community?</u>	
Does this heritage resource represent broad patterns or themes of local history? [Refer to the attached Thematic Framework document]	

Heritage Values of the Nominated Resource

Commented [MP3]: I don't know if fill-in sections are best way to collect information. Please refer to the staff report for ideas.

Values are those meanings and qualities that individuals or groups of people bestow on heritage; they are what heritage conservation and management aim to protect and enhance for the future.

<i>Architectural</i> (ex. name of the architect/designer, rare or groundbreaking style, materials or construction, notable design features, original form)	
<i>Aesthetic</i> (ex. the sensory qualities of a historic place - seeing, hearing, touching, smelling and tasting)	
<i>Historical</i> capacity to evoke a way of life or a memory of the past (ex. associations with people, events, changes, social or political movements)	

<p><i>Scientific</i> or the capacity of a historic place to provide evidence that can advance our understanding and appreciation of a culture (ex. machinery, technological inventions, agricultural systems)</p>	
<p><i>Cultural/Social</i> meanings attached to a place by a community in the present time (ex. community memory, shared experience, sense of belonging)</p>	
<p><i>Spiritual</i> places associated with sacred traditions, ceremonial practices or rituals of a community/group of people (ex. religious places, ceremony, ancestral connections, inspiration)</p>	

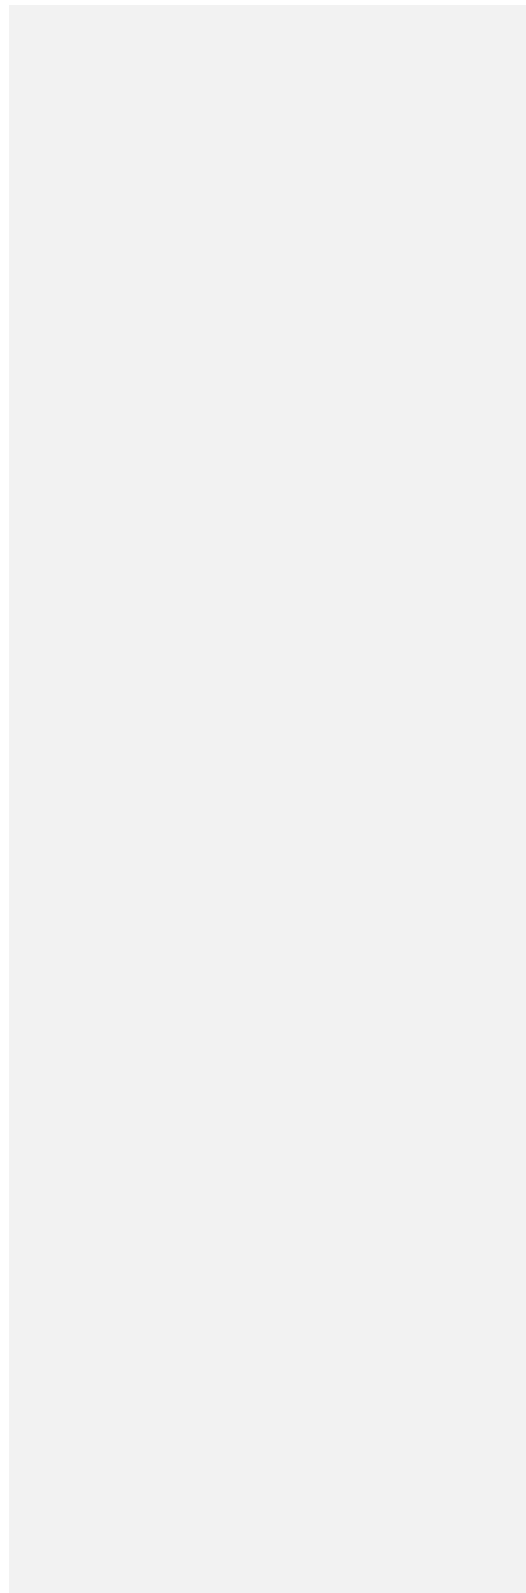

Context

<p>Physical setting of the heritage (ex. urban downtown, wooded riverside, suburban neighbourhood, rural outskirts)</p>	
<p>Contribution of the context to the heritage resource (ex. proximity to other heritage, value of natural setting, local community interaction)</p>	
<p>Existing pressures on or threats to the heritage (ex. vandalism, neglect, structural changes or demolition, land erosion, inappropriate use)</p>	

Other Information

<p>If you have any other information or stories about the heritage resource, please provide them here.</p>
